■ CREATIVE PLAY ■

Cleverclixx brings children and their families together to build, create and learn. We believe that all children should have the opportunity to discover the Cleverclixx universe.

Creativity Booster

Family Play Time

Cleverclixx lets children explore space, shapes and the magic of magnetism in fun and creative ways - all while playing!

■ PLAY & LEARN ■

STEAM

Science Technology Engineering Art Mathematics

Magnetic tiles are the perfect STEAM concept for kids. STEAM is the integration of five key subjects - **science, technology, engineering, art and mathematics**. Its main idea is to encourage children to be curious, ask questions, think creatively, collaborate and solve problems.
